

BI-ANNUAL REPORT

ASIAN OUTREACH CAMBODIA

JULY - DECEMBER 2018

LETTER FROM THE ASIAN OUTREACH EXECUTIVE DIRECTOR

Dear friends and partners,

The past six months has been a busy and effective time for Asian Outreach Cambodia. We were able to complete all our project goals and objectives in order to see communities transformed in both Stung Treng and Preah Vihear province.

We have seen a greater partnership with the local government departments in Stung Treng as we seek to bring development to our communities together. We have partnered with the Department of Women's Affairs to bring effective training to hundreds of parents, and with the Department of Rural Development to see thousands of people get access to safe drinking water.

In 2018 Asian Outreach Cambodia has had over 6000 direct beneficiaries across all our projects. We are encouraged to see the progress of development and strong partnership with the Cambodian Government. We look forward to continuing working together for the Cambodian people in 2019.

Regards,

JARED REID,

ASIAN OUTREACH EXECUTIVE DIRECTOR

A.C.T.S

ASSISTING CHILDREN TO SCHOOL

ACHIEVEMENTS

Conducted a parent workshop where 320 parents attended, we partnered with the Department of Women's Affairs and they offered training in positive way of communication with their kids and how to be a good parent.

Donated and helped install two school toilet blocks..

Celebrated Children Camp Day with 210 students in Kang Memai Village, the children enjoyed singing, games, sharing lunch together and receiving a gift of drinking water bottle.

We have started teaching English to our students who attend Happy Club on Thursdays.

We have expanded out to sponsor and supported two more of new villages, Chor Chong and Chomkar Hong.

STRUGGLES

- Families' availability to meet and update student profiles, getting a photo of the whole family.

NEW INITIATIVES

- We are expanding out Happy Club into new villages, Cheb and Siem Bok, to sponsor and support more Happy Club.
- Update a local map, which indicates where each sponsor child is located, this will help staff to do home visits in the future.
- Train the children in how to clean and care about their environment.

BENEFICIARIES

150 Children

LOCATION

Chavang, Sam'ang, Thopeang Veng and Along Svay

DONORS

- 10th Avenue Church Canada
- Samaritan's Purse Canada
- AONZ
- AONA

THE HOPE CENTRE:

A MULTI PURPOSE TRAINING CENTRE FOR VARIOUS VOCATIONAL COURSES

ACHIEVEMENTS

- Over 161 guest have visited and stayed at The Centre
- Have started new English classes (English Smart Group and Easy English)
- Hosted local expat community potlucks
- Ran workshop for local educators on Teacher training workshop (Effective Teaching)
- Ran training to local educators on skills development (One Vision program)
- Have had one graduations for English classes and Computer class.
- Opened community Library and resource centre and ran art and guitar lesson.

MOVING FORWARD WE AIM TO:

- Seek a training partner to work alongside the Hope Center in order to strengthen our organisation, so we want to find a suitable institute to work with. This will give us more credibility and access to teachers and resources.
- Continue to host donor teams.
- Continue English and computer classes.
- Host leaders and pastors workshops.
- Look to expand our staff team in order to offer a quality service to guests.
- Plan to give a scholarship to high school students, in conjunction with our Assisting Children to School program. We aim to see children have the opportunity to have a complete education. This will be supplemented by the Hope Center programs.
- Partner and cooperate with the Department of Vocational Training.
- Run a kids camp at the Hope center for Christmas for our ACTS kids.
- Develop our facility as a youth center
- Researching the Cambodian Business laws for tax and income, as we want to ensure we remain within the cambodian law.

BENEFICIARIES

- English Students = 52 students (5 classes)
- Computer Students = 6 students (one class)
- One Vision (skills development) = 13 participants
- Workshops = 132 participants

STRUGGLES

- Location, far from city centre.
- Lack of English teachers

AGRICULTURE

EQUIPPING & EMPOWERING RURAL COMMUNITIES
THROUGH TRAINING AND RESOURCE DEVELOPMENT

ACHIEVEMENTS

- Started one more new savings groups with more to follow
- The first three savings groups have begun to borrow money from the group

STRUGGLES

- Farmer training has been slow because we are waiting for the elections to be finished and continue working with the PDRD.

MOVING FORWARD

- We will continue to form savings groups
- We will begin farmer training
- Continue developing AOC's farm with bees and cows

VILLAGES

Chavang and Veildeng, Stung Treng

BENEFICIARIES

- 1 new savings groups formed

-

BENEFICIARIES

140 families
700 individuals

LOCATION

Siembouk District, Stung Treng

WELLS

WORKING WITH COMMUNITIES TO BUILD AND OPERATE WELLS

ACHIEVEMENTS

In the past six months we have completed 17 more wells for a total of 51. We trained 15 group leaders (Church Development Committees), who are in charge, how to take good care and repair the wells. Trained 68 water committees how to complete application form, and they also need to understand that lands title for well, sites must be approved by the local authorities and the wells are not for individuals purpose. We trained 357 beneficiaries about community health education and safe drinking water in household. Support the development of community facilitators at the Local level those are equipped with skills and the necessary Promotional materials on sanitation and hygiene to motivate Behavior change and engender commitment within Communities.

MOVING FORWARD

Moving Forward Next Step: Prepared timeline to trained communities how to storage safe drinking water in households in rural villages. Increase enforcement for water quality regulations and carry out point-of-Consumption water quality surveys. Safeguard water quality through treatment, water quality management and risk assessment at source, as well as household water treatment and storage programs. Complete 17 wells in November, 2018. For 2018 the Wells project aims to complete 51 wells in both Stung treng and Preah Vihear province. We will look in utilize more volunteers from churches to assist with the project as we only have one staff to run the project.

BENEFICIARIES

680 families
3400 individuals

LOCATION

Thala District, Stung Treng Cheab District, Preah Vihear

DONORS

Neverthirst

STRUGGLES

Occasionally, appointments between AOC staff with villages are not always met. Because some families were out to their fields, when the staff were there for them.
